
Dear
My
Teacher
8

I'm back!
Oh, Mikoto-chan! Welcome home.
Ah, Naka-yama-san.
You're late again today.
I'm going to heat up your meal, just wait a second.
Ah, I can do it on my own!
Aren't your work hours done already?
blush
I'm glad that you've been eating my humble maid meals recently
It's fine!
A while back I really..
I'm so sorry I'm childish...
You have really changed, Mikoto-chan
Are you supposed to change that much at university?

*Red rice is cooked for big and memorable events.
Actually it's probably caused more by
that person than university
!!!
Oh my!!! Could it be a lover!?
Ha… well…
So lovely
Why haven't you told me earlier?!!
I will cook red rice next week!!*
!!
Please stop!!
That's awkward!!
I can't restrain myself from being excited!!
Kyaaa
!!
Really, stop it
…Even if you were to look at her from a third party, you really can notice it…
During high school I was going out at night most of the time…
I changed thanks to Kaoru-san.
…I want to become even more of a proper adult…

I want to become a proper person like Kaoru-san.
#clench
But
it's probably not going to work out well that easily...?

A school nurse called Kaoru and a problem child called Mikoto.
Ever since their fortuitous meeting they've been attracted to each other
While maintaining a normal distance for a student teacher relationship,
their feelings for each other mutually grew.
Finally at the graduation ceremony, they confessed to each other
and became lovers, but ..

Fujimura Kaoru
High school teacher very popular with the students, her overly serious behav our is the only flaw in her perfect demeanor

Isechi Mikoto
Lesbian high-school student, easily enamoured, but right now her feelings towards Kaoru are quite stra ght

CHARACTERS INTRODUCTION

Toda Shiori
Mikoto classmate and simultaneously friend.

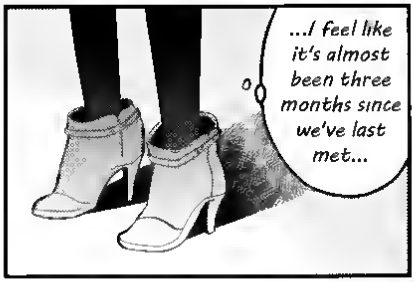

Gotouda Chiaki
Ex sex friend of Mikoto

Kiritani Chikako
Shop manager of the bar named "Herbs". She understands Mikoto well.

Another group seminar?
Eh?
Eh, was that so?
Precisely three weeks
Somehow I feel like we won't be able to meet for more than a month.
I see
Our teachers suddenly call us for seminars on a whim
I'm sorry...
Yes... Sorry, Kaoru-san.
Let's move the date we planned for the day after tomorrow to another time
You're a student, your main goal should be to get good grades
It's inevitable!
Call ended.
Good night.
Have a good night

Was I that busy when I was a student?
Hmm...
It's been quite a while, I don't remember...

...I feel like it's almost been three months since we've last met...

Another date has been called off...
These days Mikoto has been quite busy

That is why she is frantically giving it her best.
I have to support her with that as a lover, but

Mikoto has a dream.
I want to be a teacher that takes care of kids who don't fit in at school and get close with them
I want to become a teacher like that!

...Mikoto said she wants to become an adult.
But for me,
I wouldn't mind if she stayed a child a bit longer...
Seasons pass by and our second winter together came.
ぶん ぶん
*shake *shake
Thinking like this is very childish!
Hey, stop stop!!
Since I've met you,
lots of unknown feelings were born inside me.
*pant
I'm wondering, what is Mikoto thinking about right now...?
*Smooth

*POPS UP
Who's that !!?
!!??
It's been a while Kaoru-chan!!
!!!
Toda-san!?
Hehe
Surpri-sed?
Yeah, it's been a while

Same with you, I'm glad you're so lively
Yes, I'm enjoying a fulfilling university life like crazy
I am
Are you doing fine?
I'm super happy that I can have a coffee with Kaoru-chan!!
Eh?
I'm glad that you look happy too, Kaoru-chan♥
Well, we're together every day, you know?
You heard about that too!?
What? She didn't tell you?
What? Every day?
You went to Yokohama for your first date, didn't you?
I've heard many things from Mikoto♪
*hee hee

Toda-san, are you that smart!?
..Kaoru-chan, sometimes you're unintentionally sharp-tongued.
I studied with all my body and soul.
*Sudden assault
What!?
I am in the same university as Mikoto
But in a different department.
That's why we've been meeting up at lunch to eat together~
.Was that so...
Every-day
*crackling
..Is, is she doing fine recently..?
Eh? I didn't see her particularly change, but..
you don't meet her?
...Hm?
What? What's this feeling...?
*clench

..We haven't met for three weeks,
recently she's been busy with seminars..

Semi-nars?
...

Anyway, it's like that for most departments.
Seminars in Mikoto's department start from third year on, I think?
They're not mandstory yet for first year students
Ha?

...
What?

Mikoto surely doesn't take part in any seminars

So she probably doesn't take part in any seminars...
What does that mean?
...
ersity seminars
Seminar screening Mandatory starting from third year.
It's true...
*clackety-clack
See you next time, Kaoru-chan!!

this feeling ...
...there must be a reason behind this!
crackling
Ah, again,
If Mikoto isn't doing any seminars,
what the heck was holding her up recently...?
Mikoto said that so.
"Let's not be pretentious anymore and stop hiding our true feelings."

The shop manager may know something !
I can probably hear about the things she can't say to me here...
Hey!
*Stomp
How long are you going to keep bawling?

But...
You always overthink things!
You have to let your emotions out regularly.
Yes...

*pound
Mikoto ...?

Nice to meet you and hello I'm Ajichi.
It took more than a year since the publication of volume seven.
To the people who eagerly waited, I'm full of;
"Sorry! I've made you wait!" feelings This year I released extra volumes and compilations, I really feel like I didn't get any time for it...
One year is really something that passes in the blink of an eye.
This year, the storyboard of the manga kept changing and changing, it turned out to be a completely different story than what was orginally planned. Originally I wanted the eighth volume to have a romantic comedy touch like the seventh, but then I thought of the overall flow and it turned like this I hope you're excited for the continuation.

This is already the eighth volume and we've passed the third year anniversary of the series I thought I would finish this series in 2016, but I don't know what can come up... I will give my best Next is volume nine, I actually want to draw what's happening in the ninth volume . I really really want to do it! I am not exaggerating by saying that I drew the continuation of the series after the graduation ceremony just for volume ninth. The story is going to continue for a little bit more, I would be glad if you keep attentively watching Mikoto and Kaoru's story Thank you for reading this.
Ajichi

These days
Kaoru-san hasn't been contacting me.
Anyway, it's been two days.
no new messages
sigh
Usually she always replies super super fast.
What's happening?
Miikoto!!
Right now, everything
isn't going well at all...

Shiori.
Sorry, I've made you wait
Huh, what's wrong? Your face is...
Did something happen?
Hn, you know
I can't get in touch with Kaoru-san
Really?
I saw Kaoru-chan three days ago
Eh?
She asked me if you were doing well and I said you were
She asked about how you were doing with your seminars, but what was she talking about?
You're not in any seminars, right?
Shiori..
Did you talk about that with her?
What?
Yeah

I have a bad feeling
*ring ring
Incoming call
Chiaki-san
Eh?
...
Did I by any chance... say something really bad...?
...
What do you think..?
Yes, what's up?
Ah, Miko-to Can we talk right now?
boop
Hello? Chiaki-san?
that day when you came to Herbs?
Yes
Well I just.. there's something I want to say to you, you know,

...Well, on that day in front of the shop
I think Kaoru-sensei was there, you know...
... What?
I was wondering if that was just my imagination, but you know
If she really was there,
if she saw us together, I think it may or may not have caused a misunderstanding
!!

No way ...
Is that why I can't get in touch with her...!?
Anyway, since I've told you this,
worries
you should do something later!
Thanks for letting me know..
*DOOOOM
My wife insisted with a very threatening attitude that I tell you this, you get the idea...
A-Akane, I'm here... Sorry for involving myself...

Look, I really told her!
It's alright with that!
If I didn't tell you to call her, then you would have let it slide and you would have planned to tell her when she comes back to your bar! Am I right!?
Ah, you're overthinking that!!
Are you okay? Did something happen?
#beep
Shiori
Well

Do you happen to know Kaoru-san's address...?
ピンポーン
ending chime
*beep
Yes?
*gulp
..You really knew it!
I asked her when I sent new year's cards!!
..Kaoru-san,
it's Mikoto.
!!

Sorry for coming so suddenly
I wanted to meet you and talk,
so I had to come here
Mikoto
...
...
Somehow it feels like it's been a while

That's right.
Please come in.
So this is the room Kaoru-san lives in...
With this room size, I'm certainly going to bother her here...
clench
Do you want something to drink?
Maybe some coffee?
Ah, yes,
uhm,

...I know.
...I don't want any sugar or milk, so...
...I heard from Chiaki and Shiori!
...I don't know why, I couldn't reply to them
I read them, but
Sorry about the e-mails

...
That's why I wanted to come here to explain myself.
It doesn't mean that I lied to you.
Eh?
...
You know,
As Shiori said, seminars are mandatory starting from third years onward, but
I specially asked professors to make me take part in some
It won't give me credits, but
at free school there are some volunteer activities,
and there are opportunities to learn things practically too.

I thought that was the closest to my future ambitions, so I attended them
Was that so?
Yes..
I thought about talking to you,
but..
actually nothing went well at all during class..
*tear up
Mikoto
Kaoru-san
You know, I,

*reveal
I just can't understand the feelings of kids who can't study!!
...What?
Even though I said I understood the feelings of kids who don't fit in! With an arrogant face!!
Why can't they understand!? Even though they're reading the book. I'm so confused, I'm really
...This is so uncool,
these feelings
I kept failing,
and the only thing that came out of me was complaints.
That's way too childish.
I think that's disgraceful.

I didn't want to...
show this to Kaoru-san....

that's why you heard that discussion at Herbs
That day I went there for a bit after a seminar, but
Chiaki-san and I went home in separate taxis and..

hence there's is actually nothing to have a misunder-standing about...
.....
Mis-under-stan-ding
Didn't you get angry because of that?

If you asked me if I didn't even doubt you a single moment,
answering yes would possibly be a lie
but I wasn't angry,
it's not that
I was just confused
What?
I was confused by my feelings. I couldn't do anything
I believed you!
You proved your diligence by waiting half a year until the graduation ceremony
But at that time, when I saw you together with her,
I was full of these feelings of helplessness

Kaoru-san?
?
Why didn't you tell me?
!!

I couldn't help but feel like I couldn't do anything, it was sad and painful!
That day
seeing you
getting comforted by a person that wasn't me.
*grip
I won't get shocked or disheartened,
I don't care whatever you may say,
even stories about your failures, even your complaints,
I have confidence that I can accept anything from you.

... Everyone has one or two things they don't want to talk about.
But, speaking to a stranger I'm useless,
That's very...
Kaoru-san.

Uhm,
could it be that
you were jealous?
So then... it's fine?
I'm the one who's childish and disgraceful

Painful and sad things too.
I want to be the one you say those things to the most.
Please, I'm asking you.
Don't go to other people again...

I won't let you make that face again, Kaoru-san.
...Yes.
I'm sorry.
I won't do it again.

I won't go anywhere,
I won't go to anyone else's place!
Because I will always be at your side.

Announcement:
Starting from January 2015, one of my work will be serialized in a magazine!
The title is; "I'm a fujoshi and he's a Yuri-otaku"
As you can guess, it's a gag-manga. It's from the fully dirty side of Ajichi
That work is very different from my Doujinshi activity,
but if you'd fancy it please take a look.
Thanks for your support
